Book Description

Publication Date: April 5, 2011 | Series: Scratch & Solve Series

One of two new entries in our ingenious Hangman® series--one easier, one tough--are sure to be a huge success. They give puzzlers the chance to "hang" anywhere at anytime, even when alone. Each page features one puzzle, and each has 26 letters with silver circles to scratch off. Rub off a letter (like a lottery ticket) to see if it's in the puzzle, and where. But miss six times and you're hanged!

Book Description

Publication Date: **October 2, 2012**

If good things come in small packages, even better things must come in jumbo ones. That's certainly true of this large-format collection of puzzles featuring the 26 letters of the alphabet accompanied by silver scratch-off circles. Choose a letter, scratch a circle, and see if you've made a match. Sound easy? Six misses is all you get before you find yourself swinging from the short end of a long rope!

Editorial Reviews

About the Author

Mike Ward is the head puzzle compiler at Brainteaser Publications. He has been compiling puzzles for about 20 years, starting off with producing crosswords for various newspapers, then branching out with publications with a brainteaser flavor. Ward, who is based in New Zealand, published the Scratchn Hangman books down there, and sold over 250,000 copies locally before assigning the title to Sterling.
